Advanced On The Move

(Use museum map to assist you with this trail)

Name: _____

School/Group name: _____

Advanced On the Move
Ulster Folk & Transport Museum

House numbers

3-4a

Which two utilities were piped into the houses on Tea Lane?

3-4b

There are two types of meters found in these houses. Find out what they are and why they existed?

11

Where would the wealthier people have sat in the church? What evidence can you find to back this up?

25

It was quite a wealthy family who lived in the Rectory. They were conscious of the purity of their water. How do we know this?

38

There is a white curtain around the communion rail in Drumcree church. What was its purpose?

39a

In the weaver's cottage compare the ceiling in the kitchen with that in the bedroom. Why do you think they are different?

39b

In the kitchen, what do you think the half-loft was used for?

**House
numbers**

43a Why is the byre placed toward the bottom of the hill rather than the top?

43b There is a bed in the kitchen called a 'settle bed'. Why do you think it was placed there and who was it used for?

46a What is the name of the object hanging on the wall by the dresser? Who would have used it and why?

46b Why is the bedroom floor higher than the one in the kitchen?

49a Look at what is hanging in the corner beside the dresser. What are they and name two uses.

49b Investigate the outbuildings. What occupation produced a second income for the family?

49c What was the purpose of the 'witch stone' in the byre?
